

I am a K-Love radio listener and supporter and have been sense it came on the air in our area. I love my K-Love FM radio station and would be extremely dissapointed if I could not longer receive it. It informs me about local concerts, shows and the emergency broadcast network. The thing I love best about K-Love is that it has no commercials, so I do not have to listen to ungodly advertisements. Please do not take our FM stations out. I need K-Love to stay on for my family. Thank you for your time.
